Physical Description

Caroline is extremely small, she's only 1’9 tall when standing. She has the abdomen and thorax of a spider for her lower half, and 6 legs. Her upper half is human-like and has light skin, but her arms are replaced by a pair of chitinous spider-like limbs, with pointy tips that unfold into 3-fingered claws when opened. Her skin is infused with chitin, though it still resembles human skin. Her chitin makes her unusually durable for her size. She has straight, black hair, and four solid dark red eyes. The spider parts of her body closely resemble those of a black widow spider. Her mouth has fangs and mandible-like appendages on either side of it. Her fangs and mandibles can inject a very powerful venom. She can spin webs that can be used for a variety of different purposes. In addition, she heals quickly and can slowly regenerate parts of her body, including limbs, so long as the injury isn't mortal.

Personality

Caroline is mischievous, she enjoys spinning webs and climbing things. She dislikes it when her webs are destroyed or removed. Caroline also seems to have a fear of fire. For the most part, she doesn't seem to understand any languages and only recognizes a few words.
