Fiamma Pouncer

Species & Gender	Anthro Female
Organization:	Independent
Occupation:	First Mate of a starship
Rank:	N/A
Current Placement:	ISS Brimstone

Character Description

Appearance: Fiamma is cat like anthro with fiery orange hair that is shoulder length towards the back,

but has some over the shoulder towards the front. Her fur in majority is dark brownish grey with her lower face and front torso being covered in white fur instead. She stands 5'9 and has a long feline tail. Her features are youthful and soft, giving her a constant look of being full of energy and active.

Personality: She is fiercely independent, and has an adventurous personality. New places, sights, and sounds thrill her. Fiamma is also very rebellious and does not like to follow figures of authority, preferring relationships built around trust and respect. Sadly she is prone to acting without thinking, and has a fixed view on right and wrong. Having slightly tomboyish tendencies, Fiamma still finds time to express herself as a woman, through actions, words, and her fashion sense.

History & Relationships

History: Fiamma was born in [YE 19](#) on Yamatai before her family moved off planet. They moved constantly for 7 years before finally settling down on the backwater of [Planet Osman](#). This had made a pretty hectic life style for her growing up during her childhood. To escape the stress such moves put on her family, she explored each new location as much as possible. For the next fourteen years her family farmed algae which was a growing export produce on the planet. With the arrival and founding of the [OSO](#), Fiamma having grown somewhat rebellious and fiercely independent, decided she wanted to leave the planet and roam again. She applied with [Section 6](#) seeing them as the path to best achieve this. Now at the age of 21, Fiamma still continues to work at S6, enjoying any ship board position rotations she could be assigned too.

In [YE 40](#), Fiamma had been on several successful jobs with the crew of the [ISS Brimstone](#). Even had a girlfriend for a bit, but difference in work drew them apart. Separating, work went on for the cat girl as she learned the ship in and out, as well as serving as Kessler's right hand. Even now in [YE 41](#), it's much the same, just going from one job to the next as the work yet goes on.

In 9月 [YE 42](#), she visited a bar near the train station in [Ternifac^{1\)}](#).
