## Physical Description

Roland stands at 6'4", with tanned skin, from living in the desert areas of Osman. He's more lean than bulky in terms of muscle. His hands are calloused from all his work in his dad's junkyard. He possesses a scar in his eyebrow from an incident in his youth. He's got short brown hair, usually covered with his hat. He's calm blue eyes. Roland prefers comfort over style and thus wears jeans and [T-Shirts](#), flannel shirts and leather jackets. Wears mostly browns, white and blue tones.

## Personality

Roland is friendly, boisterous, sarcastic. He tries to hide his self-doubts with an excess of bravado and western puns. Despite that, he's rather lonely and melancholic. He can be quick to anger and brash at times. But above all, he's loyal. You stand with him and he'll stand by you.

## History

Born in the small desert edge city of Deadwood in Osman, Roland was a child who dreamed of sailing the seas of space. Raised by a humble starship mechanic only compounded that dream. Life was idyllic, for some time.

His father was killed by a fugitive running from the law. He took Roland hostage and nearly beat him dead. Luckily, Roland was saved by Rorik Istavan, a traveling knight for hire, at the cost of the fugitive's escape.

After his father's death Roland felt lost and angry. He wanted vengeance. He asked Rorik to teach him how to shoot. Rorik took him under his wing for a bit, and taught him not just how to shoot but why to shoot. Together, they hunted down the criminal and brought him to justice.

Roland sold his father's shop and travelled to Osman, towards a new chapter in his life, with a dream in his heart and a gun in his hip.

## Skills Learned

### Art and Vocations

- Roland is a self taught harmonica player. It's one of his few prized possessions from his late father.

### Maintenance and Repair

- Roland spent most of his teen years as a mechanic in a space ship junkyard. He's become proficient with quick fixes and jury rigging other parts together.

### Fighting

- Roland has faced his fair share of scraps in the years. Mostly self-taught, he's a fast boxer for his size. Roland was also taught how to shoot by Rorik. He's most proficient with his revolver.

## Starship Operations

- Roland is proficient with piloting small ships, freighters being the most largest and most complicated he can handle.
