Always practicing acrobatics and martial arts which Aaron took particular interest in, Aaron soon grew to have some skills in both. However, the deaths of his parents crushed him greatly to cause him to have the personality he now have. Travelling from the remote place he once called home, Aaron travelled to closer to the city he heard of. Instead of finding well built buildings with clean streets filled with modern vehicles, Aaron found street gangs, common crimes, slave trade and corruption all over. He learned to adapt to this living and from the age of 20 till 24, he has learnt to avoid the specially violent gangs and crime lords and also the police forces. From being beaten up in fights, Aaron also soon learnt that the only way to survive is to train on his fighting skills which he did. Aaron wants people to call him by his first name only since his last name brings back memories.
