## Physical Description

Andrej is a perfect example of nepleslia's ganger culture, All wrapped up in an NPF uniform. He is average in height at a lanky 5'11 and slim with little body fat. His body hair is a dark black but usually unseen with his hair shaved down to its barest length, No facial hair to speak of, and his eyebrows thin and poorly grown after having been burned of at some point in his past.

His face is a recovered mess of injuries. From a visibly noticeable twice broken nose, To a visibly offset jaw full of replaced titanium teeth and an upper lip with a small scar crossing abeam his nose from being split.

His body is semi muscular but only draws the eye through being plastered with numerous faded black and blue tattoos that depict everything from a pair of weeping elysians over a burnt flying city parallel to the nepleslian flag. all the way to various runic markings on his fingers, Arms, shoulders and back that circle and compliment a large bodyless cats head with a bowler hat smoking a pipe that grins from ear to ear.

## Personality

Andrej is an unusually bright person despite his checkered past. There's very little that phases or upsets him, Making him appear to always have a bright outlook on life despite how dire a situation might be.

## History

Andrej Kuznyetski was born in YE 8.

Andrejs past is as strange as he is. Most of his life was spent between periods of traveling the planet, Or as a street ganger for a kuznyetski street gang as muscle and enforcement.

He spent most of his early years travelling planet nepleslia on an adventure trip no kuzynyetski could ever say they matched at the time. travelling between cities and settlements, Fighting and wreaking havoc across future imperiums capitol.

Reds, ID-SOLs, Mutants, Nekos, Aberwhere. There was no limit to who he would provoke in his thrill seeking. Sometimes leaving him beaten and bloody, Other times leaving lasting memories and new comrades seeking all the same thrills as him. When he wasnt travelling and fighting under the mistlefoe, andrej was working as muscle or as an enforcer for a kuznyetski street gang that included most of his family and was lead by his grandmother who raised him, Babu.

in this gang he enjoyed a more contained version of his thrill for fighting. Often times targeted at rival gangs or companies looking to move into the kuznyetski quarter they operated in.

It was in this gang Andrej would often times come across the precursor to the NPF and its officers. One of which being an *old man* who would often beat andrej harder than any in his travels. This old man would quickly become over time andrejs rival, Mentor, And eventually recruiter into what would someday become the organized NPF at large. turning the kuznyetski ganger and travelling fighter into a honed and focused officer for justice, and even one of the very first candidates for traing into the DTR where he resides to this day...
