## Physical Characteristics

- Height: 6ft(1.8m)
- Mass: 168lbs
- Measurements:

**Build and Skin Color:** Milk white skin, thin and tall with athletic shape and some muscle definition

**Eyes and Facial Features:** Hooded shaped brown eyes with a long heart shaped face, a small jaw line, and small lips.

**Ears:** round ears, undefined

**Hair Color and Style:** light brown hair

**Distinguishing Features:** crooked smile

## Psychological Characteristics

**Personality:** Demetrius is an old soul, usually enjoying the past things in life well behind his generation, whether it be music or frame of thought. He's also quite nerdy, growing up he was an outsider and though he hardly suffered neglect and was seen as a the cool 'light-hearted quiet guy', his friends were few in numbers. Awkward though? No. Demetrius has always been an abstract thinker, intuitive and analytical. He's always been alone because of his wanderings and fascination of varying subjects out of most others' leagues. That said he loves learning and education along with adventure. Though he can also be cited as forward thinking but stubborn and at times, one track.

- **Likes:** Animals, learning, science, sports and juicy steaks
- **Dislikes:** Larger animals, being wrong, 'unintelligible' people, the sounds of eating, awkward dinners
- **Goals:** Become a pilot of some sort, advance to the high ranks of his field, live comfortably, perhaps live out his megalomaniacal desires

## History

### Family (or Creators)

Jonathan Calloway(Father), Jenna Calloway

### Pre-RP

Born in a rather poor and large family, Demetrius always set off to be alone as the middle child. He went to school and always graduated at the top of his class. His father's history is quite questionable, though his mother was a former marine. After finishing schooling he joined the Nepleslian Star Navy as an Engineer to seek a better life in a field of work that fascinated him, plus the benefits were great. However, engineer wasn't his first choice, originally he wanted to be a pilot but washed out of fighter school, Engineer was the second most technical job that peaked his interest that was available to him.

## **Skills**

### **Mathematics**

Math was perhaps an easy subject for Demetrius in school, he excelled to the most elite classes he could for the education available to him. In engineering training he learned mostly about statistics, accounting and on-hand mechanical.technical duties, however dabbled in quantum theory when training for Pilot.

### **Maintenance and Repair**

Becoming familiar with a wide array of ships systems is quite a feat, but Demetrius accomplished this challenge.

### **Engineering**

He mostly knows the ins and outs of military grade ships from his training,their infrastructure in integral to apply maintenance and repair knowledge.

### **Physical**

Undergoing basic training and regular PT, Demetrius is in decent shape, even besting comrades in a friendly sports game most of the time.

### **Technology Operation**

This is a skill base that is absolutely integral to being an engineer, ships do run on computers...

### **Vehicles**

Mostly on the maintenance side, this is where Demetrius mostly enjoys working on the spacecraft he could one day fly.

## Domestic

Being the middle child but leader In a rambunctious poor family perhaps helps with garnering some Domestic care for others, though he'd prefer not to...

## Inventory

Demetrius Calloway has the following items:
