Physical Characteristics

- Height: 10'
- Mass: 6 tonnes
- Measurements:

Build and Skin Color: Regalia-Antisepticizer Beep 32-6589-8745 is a large hulking war machine with a boxy frame and short stout legs.

Eyes and Facial Features: a rectangular vision scanner on a solid Nerimium plate.

Ears: none though it has internal sound sensors to 'hear'

Hair Color and Style: none, though it does fancy ponytails.

Distinguishing Features: Beep used to have a military olive paint scheme though over the years it has faded and chipped away leaving it with a tarnished looking exterior. When asked to get repaired or fixed up Beep will always decline. Beep also has a faded logo on its upper right shoulder, what is is is unknown even to beep (mostly due to the fact that it cant see it).

Psychological Characteristics

Personality: Regalia-Antisepticizer Beep 32-6589-8745 is a gentile giant, though he/it was a machine

built for war his internal being is a more docile being who is just happy folding laundry and painting pretty pictures (he prefers landscapes and flowers). Beep can also talk, though it prefers a more simple communication via saying “beep” in various tones to indicate how it feels in certain situations. Not such as a trademarked droid in a certain universe consisting of stars and wars but just the word “beep” . Though it prefers not to fight Beep is capable of doing so, quite well in fact seeing as it is a war machine.

- **Likes:** Painting, fuzzy bunnies, origami, decorative floor lamps (mostly likes clicking the little pull string thing), and tiny hats
- **Dislikes:** Making messes, disorganization, improper folding techniques, modern art, unauthorized underwear.
- **Goals:** be the best god damned laundry specialist ever

History

Family (or Creators)

some random manufacturing ship.

Pre-RP

Regalia-Antisepticizer Beep 32-6589-8745 was originally designed as a hulking war machine to assist in the defense of the ship it was built on. However, a tweak in its synch-intelligence its freespacer brain was programmed to be more of a pacifist than a fighter. Deciding to cut their losses, they put Beep to work doing what menial task they had to do which was sorting laundry. In a barter for foods and other services, the ship that Beep was on decided to trade him to the neplesian military which they couldn't turn down because well... nepls.

Skills

Art and Vocations (painting)

Regalia-Antisepticizer Beep 32-6589-8745 is an excellent painter, well for a 5 tonne war machine that is. Beep can paint a multitude of things but prefers landscapes and flowers.

Communication

Regalia-Antisepticizer Beep 32-6589-8745 is familiar with basic radio operation and procedures and can make transmissions to and receive transmissions through headsets, ships, ground vehicles, power armor, and shuttles in both combat and non-combat conditions. Beep is fluent in Neplesian. He can speak and

write it correctly and efficiently and can write reports, fill forms, issue orders under fire, etc. Beep is also skilled in field communications and is proficient in all rudimentary forms of communication (hand signals, flashing lights, etc).

Fighting

Regalia-Antisepticizer Beep 32-6589-8745 is built on a chassis built for war, and thus is capable of fighting, though it doesn't really want to (more of a negotiator). As a part of this (as well as its size) it can attach a variety of weapons used on power suits to itself to be used in combat. If Beep is forced into combat however, it can switch itself over to combat mode, making it a lethal shock troop or fire magnet. In game terms Beep 32 is essentially a giant sentient suit of power armor.

Domestic

Beep is a laundry specialist, and is a damn good one at that. With that being said it is also capable of other house hold tasks such as cleaning and making beds (aside from folding laundry into to awesome little packages).

Mindware

As a Freespace, Regalia-Antisepticizer Beep 32-6589-8745 has all types of neuralware installed in her head (whether he knows it or not) and can easily use it to learn/download any information that he needs, stay connected to the Polysentience, and to store memories in her mental databank for easy playback.

Collective Intelligence

As a Type Four, Beep can, By networking with other nearby Synthetic Intelligence, a Syntelligence can achieve much higher levels of computational ability and creativity. Furthermore, he may uplink with compatible equipment remotely; using their ships' sensors to achieve what is essentially a degree of omnipresence aboard their own vessels, or controlling drones.

Starship Operations

As a freespacer and Living in starship environments its entire life in various spaceships Beep naturally learnt quite a bit regarding starship architecture and related systems. In a pinch Beep can fill a wide range of roles on a spaceship though not very well due to its size.
