Hair Color and Style: Tatianna has brown hair kept in short dreadlocks slightly above shoulder length, its normally kept back by a black head band.

Distinguishing Features: She is riddled with tattoos of varying degrees of meaning. At most: she has her favorite line from DION's constitution "The Nepleslian has the right to live without fear, without hunger, and without pain. The intolerable alienation of this right has been done for too long. The Democratic Imperium of Nepleslia will enforce this right, or so shall it be undone." written around her neck similar to a choker necklace. At the minimum of mean she has the words " THIS" running down her spine. Other tattoos include, bullets running around her waist like a belt, crosshairs on the backs of her hands, a rose sitting in between her breasts, vines running the entire length of her left leg, and her least favorite a hideous cat on the inside of her right thigh (its name is Hanako). If asked she'd say she regrets at least 3/4 of the tattoos on her body as of now.

Psychological Characteristics

Personality: Tatianna is a very open person and will gladly talk to most new people. She has a habit of talking faster than she can think which usually ends in her offending someone and not knowing exactly why. As a side effect of her former life Tatianna will never under any circumstance turn down an offer to have a good time, has this gotten her into trouble? Without a doubt. Lastly she takes a lot of pride in Neplesia some might even call her an ultra-nationalist, never taking an insult to her nation Tatianna will gladly fight anyone who insult her nation. Unfortunately she often has too much faith in the chain of command which can border on sycophantic in certain situations. Her family's extreme green loyalty Tati is very strongly against the young alliance between Yamatai and DION.

History

Family (or Creators)

Natasha Williamson (Mother) Russell Williamson (Father)

Pre-RP

Tatianna was born into a family from the Power Class, Her father was a very successful business man

who made his fortune picking stocks early on in his life. When the civil war broke out Natasha was one of the first to join up with the Greens to protect the freedom of her family and her people. That fact translated into Tati's upbringing even though she did have to worry about defending her own freedoms she was always great full for people like her mother who were willing to fight and die for the luxuries of others.

She had no plans for joining the military or doing much of anything with her life until one morning she woke up naked cuddling an empty bottle of wine on strange floor surrounded by people in a similar state. She got up before everyone else and walked around the sad party, slowly developing a level of clarity she had never really experienced she wondered "was this all I was going to amount to in life?" Suddenly she had a serious desire to do something with her life and actually serve her country as someone worthwhile.

She excelled in basic at funky city and signed on as a sniper and immediately spent her next months at The NAM proving grounds. With her first deployment coming up Tatianna is more then ready to get out fight the enemies of the Imperium.
