- **Dislikes:** Dressing formally, being asked personal questions, and running out of rum
- **Goals:** His goals are largely undefined, but he wants to live in the moment, experience life, and be remembered for something

History

Family (or Creators)

Family unknown. Tyrellius was orphaned as a very young child on Nepleslia Prime.

Pre-RP

Born on Nepleslia Prime, Tyrellius' parents were killed in an unknown event when he was a very young child, and so he has no last name. He has little memory of them and spent most of his childhood moving

from home to home, or just living on the streets. He survived several nasty encounters with rival gangs, usually by outwitting them. On one occasion he made it out with a little extra cash too as he'd managed to convince the two men who were trying to kill him that they were each in rival gangs. As they fought each other he escaped with their money. When he was 19 and on the path toward piracy, he was caught by a hard-faced man in the Nepleslian Marines who accused him of theft. Tyrellius thought his life was over at that moment, but the man offered him another chance. It turned out he was a recruiter and he'd seen potential in the young delinquent. Deciding to accept the offer and put his "talents" to use for a better cause, he joined the Nepleslian Military as a marine. Now he is 23 and assigned to the 4th Fleet.

Skill Areas

Physical

Years of running and living on his own have made Tyrellius adept at physical strength and agility.

Rogue

Having been living on his own for most of his life, Tyrellius has learned many traits to get by, with or without permission.

Survival and Military

Once he joined the Nepleslian military his natural talents were put to good use in his training, and he has shown great promise in the art of independent survival even when cut off from support.

Entertainment

Tyrellius learned early on that making people enjoy his presence by entertaining them could do two things: win their appreciation, and cause them to not notice other things he might be up to.

Knowledge

Tyrellius, with his rough background and physical demeanor would be the last person people would think of as knowledgeable, and therein lies its value to him. He has an excellent memory, and people often to say things around him not suspecting he would remember as much as he does.

Vehicles

If there's one thing Tyrellius loves, it's vehicles. In his younger days living on the streets he would often "borrow" vehicles of various types, and in time he became quite proficient at their use. He likes going fast and showing off, and has never turned down a challenge to a race.

Fighting

Even though Tyrellius prefers outwitting his enemies, outrunning his enemies, or otherwise dealing with them, he has learned over the years that strong combat technique can save him where nothing else can. He had many run-ins with gangs living on the streets as a youth, and so he's gained skill in hand-to-hand combat. It, to him, is a last resort. But if pushed into it he can deliver some severe moves.

OOO Discussion

Tyrellius is my first character here on Star Army and so reflects a few elements of myself, as well as some elements of the inspiring actor Johnny Depp. He should be an interesting mix to play.
