History

Family (or Creators)

Various Foster Families

Pre-Military

Vaikon was an orphan, and was raised by various foster families, which he never really felt connected to. Most of his foster parents lived throughout Funky City, mostly in the slums. However, he did live with a few Foster Parents in Downtown Funky City.

Despite this, his last foster family made a lasting impression on him, as his "Father" had served in the Marines. His "Father" had been a Staff Sergeant and had served as a Nepleslian Marine in various conflicts.

Upon turning 16, he immediately enlisted and intends to prove himself as a Marine. After enlisting, he adopted the last name of his last foster parents, "Ikared".

Name

Despite spending most of his life as an orphan with only the name "Vaikon", Vaikon adopted his final foster parent's last name upon enlisting with the SMDIoN. His official name is Vaikon Ikared, which he has used since enlisting.

Skills

Communications

Vaikon is fluent in Trade, but doesn't know any other languages. He is, however, well versed in the use of Radios and Comm Devices of all sorts.

Fighting

As a Star Marine, Vaikon is skilled in combat of all types, from hand-to-hand combat to fighting with weapons. In the Star Military of Nepleslia, the marines are drilled in the use of all sorts of weapons and equipment. In addition, Vaikon was also taught to use old Nepleslian military equipment by his final

Father (the Marine Foster Parent).

Vaikon has also been drilled in the use of Power Armor, and specializes in the use of Assault Rifles.

Strategy (Tactics and Discipline)

Vaikon was drilled by both his Marine Foster Father and his Star Marine trainers in Discipline and Tactics, and has a very strategical and analytical mind as a result. He is heavily disciplined, but always has a plan in the back of his mind in case things hits the fan.

Survival

As a member of the SMDIoN, Vaikon is trained to survive in the worst possible conditions, from freezing ice planets to massive battlefields. Vaikon always carries whatever he needs and more in case bad things begin to happen. Basically, he's been taught to outlast whatever comes his way, and beat it into the ground.

Physical

Vaikon has been taught to resist pain, hunger, and thirst in the pursuit of his goals. The Star Marines taught him how, and he doesn't plan to forget. He works hard to keep in shape, and doesn't plan to stop.

Knowledge

While perhaps not the most intelligent person in the DIoN, Vaikon has spent much of his time studying history, law, and trying to promote his intelligence overall when he can. He spent much of his childhood studying, many times in the attempt to keep his mind off of things.

Rogue

Having been raised in some of the worst parts in Funky City, Vaikon is skilled whenever it comes to hiding, picking locks, and pick-pocketing. He often ran from home and bought his own food from pick-pocketed money, and got progressively more and more skilled.
