Dick in Roleplay

First introduced in [Episode 5: A Unique Encounter](#), Dick Vanderhuge is the Administrator of the Armament Development and Evaluation laboratories present on the Cirrus Station. Dick is an ex-general in the Nepleslian Star Army, retiring early to join in the development of Nepleslia's newest weapons and weapon systems rather than fight on the front lines. He is a dedicated, hard worker while always keeping a relaxed, somewhat casual atmosphere in his workplace for both himself and those under him, much to the displeasure of the productivity-minded Head Administrator.

It should be noted that Dick is a part of the somewhat infamous Vanderhuge brothers, the 4th of them pack to be exact. He has an extreme (but professional!) love for explosives of all kinds, and doesn't much care for Cassefin Montreal's command structure.
