## History

### Family

Amelia Jackson (Mother) Robert Jackson (Father) Mark Jackson (older Brother)

### Pre-RP

April Jackson is from a planet known as Hetra, which is not located in the Kikyo sector. She spent her early life on a farm, learning to grow crops, raise livestock and other animals, repair equipment and vehicles, and other general handywork, on top of being taught how to cook, clean, and care for herself. Much of her time was spent on the farm, out in the sun, and because of this April is very fond of the

outdoors. After April turned ten, she began training to work with starships that delivered the commodities from her family's farms to the nearby planet of Hetramos.

When April was 14, she was stuck on a starship that was hijacked in an attempted coup, but the coup was unsuccessful, and the ship was forced to flee, where it was sucked into a spacial rift and set upon by Mishhuvurthyar. Able to make her way to an Escape pod, April floated in stasis for nearly a year before being picked up by a Yamataian patrol and taken to Yamatai, where she then lived until she was old enough to join the Star Army, hoping to be able to find the Rift that had carried her away from home.

April became a Power Armor Infantrywoman, after finding she had a knack for combat, and was assigned to the Fifth Fleet, where she has remained since training.
