Physical Description

- Height: 6'/183 cm
- Weight: 160 lb/73 kg
- Hair: Reddish brown
- Eyes: Green (left), cybernetic blue (right)

Carter Dynamis is a reasonably fit, fair-skinned man with medium length, messy, reddish brown hair. He has a cybernetic, piercing light blue right eye, and a dark green organic left eye.

He has a deep, smooth baritone voice, and usually speaks with a hint of a grin on his face. When not actively engaged in a project or conversation, he can frequently be seen with glazed eyes, deep in thought, occasionally sketching a new idea in a small notebook he keeps with him everywhere he goes.

Personality

Carter loves creating things. He finds joy in studying, fixing, building, and improving anything he can get his hands on. His inquisitive nature leads him to pursue knowledge in any chance he gets. He is generally introverted and tends to be highly focused on whatever task is laid before him.

Carter is very pragmatic, understanding the benefits of properly applied force, guile, or diplomacy. His highly analytical nature makes him well suited to making cautious, thought out plans. As a result, he dislikes working around highly implusive people, and he usually takes every opportunity to correct and offer advice to people he sees as needing it. He is highly protective of his friends, and quickly comes to see the people he works with as family.

History

Carter Ytaru Dynamis was born in YE 09.

Carter grew up in the Democratic Imperium of Nepleslia, and lived a fairly uneventful life until, at the age of 18, He left home, striking out to make a living as a spacer and experience the galaxy. For several years he was a cargo runner, spending the time between jobs learning about mechanical engineering and tinkering with whatever devices came to hand. When he was 21, he moved on to being a freelance engineer on board a larger cargo carrier. After barely surviving a pirate raid on the vessel at the age of 22, he decided he was finished with that line of work, and enlisted in the Star Army of Yamatai.
