Hayate In Roleplay

Hayate is a [Characters](#) for the [Task Force Phantom](#) plot.

Physical Characteristics

Build and Skin Colour: Hayate has an average build of muscle. He has Asian coloring.

Facial Features and Eye Color: Hayate has a sharp chin, and strong jaw with high cheekbones. His eyes suffered from [heterochromia](#) as a Geshrin, and he kept them that way even into his change to a Yamataian body and are green and gray (from left to right) respectively.

Hair Color and Style: Hayate's hair is brown, and cut short to be out of his eyes.

Distinguishing Features: The combination of his eyes and facial structure give Hayate a particularly feral look, causing him to be easily remembered.

Psychological Characteristics

Personality: Described in one word, Hayate is 'influential'. He is articulate, intelligent, and clever enough to get involved – and he can't not get involved – in everything around him. He wants to shape things and people to fit what he needs, and it doesn't always turn out quite the way he expected.

His influence is defined by natural talent for charm, and his driven ambition to succeed. He's never happy until he's taken the next step on the ladder to “Victory”, which is an ambiguous goal in and of itself, and so he takes the rank above him and makes it the next step, and doesn't plan to stop until he's dead. This ambition, however, makes him at times ruthless and unforgiving.

History

Pre-RP

Hayate was born in [YE 05](#), and lived much of his childhood moving between the various cities and towns of Yamatai. He lost his entire family in, [YE 08](#), causing his frequent travels – he was an orphan. In the chaos of the Elysian Wars and the tragedies that ensued, he bounced from foster home to foster home, constantly running away or seeing himself move on to yet another family or set of adults. He grew, going through the motions of life until – finally – he came of age in [YE 23](#), and joined the [Star Army of Yamatai](#).

Competitive and charming by nature, Hayate rose through the ranks. After the [Battle of Nepleslia](#) in [YE 26](#), he was a shoe-in for recommendation to the [Kyoto War College](#).

He spent the next couple of years in study to become an Officer, building his knowledge and reputation. By the time [YE 29](#) rolled around and the [Species Restriction Order of YE 29](#) was issued, he had already gained the rank of [Chui](#). He switched to a [Yamataian](#) body, and continued his service.

By [YE 31](#) he had gained the rank of [Taii](#), and commanded one of the first [Plumeria-Class Light Gunships](#), named the *YSS Ghost*. The *Ghost* was destroyed with [The Nataria Depot](#) in [YE 31](#), and Hayate managed to save only part of his crew, firing escape pods and being picked up by a fleeing ship.

He joined the [Second Expeditionary Fleet](#) when it was formed.

Skills

Communication

Hayate is familiar with basic radio operation and procedures and can make transmissions to and receive transmissions from other characters through headsets, starships, power armor, and shuttles in both combat and non-combat conditions. He is fluent in Nepleslian and (optionally) Yamataian. He can speak and write both correctly and efficiently and can write reports, fill forms, issue orders under fire, etc.

Fighting

Hayate received hand-to-hand combat training, followed up with a rigorous training program. He is skilled and experienced in combat both in Yamatai-like conditions and in zero-gravity, with and without weapons. Weapons he is trained in include energy pistols, knives, and power armor.

Technology Operation

Hayate is capable of operating any computer system that uses the Kessaku OS, found on all Star Army starships. He is proficient in entering and/or searching for information.

Mathematics

Hayate received basic mathematics training, to including up to algebra and trigonometry. He also received training in the equations for plotting navigational courses.

Knowledge

Hayate knows and understands Star Army History, he can use it in conversation, or lecture. He also knows the laws and regulations of the [Star Army of Yamatai](#), and understands how they are enforced and when.

Leadership

Hayate understands how to motivate his subordinates, and can speak to large groups. He can identify the apparent morale of his soldiers, and can issue clear orders.

Humanities

Hayate is nothing if not charming – and he puts it to good use. During his free time, Hayate has learned to better apply his natural talent. He understands the nuances of negotiation, politics, and contracting.
