Physical Description

Yakena is 5'3", bouncy and small. She has healthy, barely tanned skin, green eyes and white cat ears, Her dyed neon pink hair is curled at the front, with two long pigtails at either side. Her voice is cheery and light and she smells faintly of roses.

Personality

Yakena is totally upbeat, always happy and full of optimism. Her primary motivation is to make her father proud, as the youngest recognised member of the family. She values adventure and grand tales, wanderlust constantly nagging at the back of her mind. She works hard but plays even harder on her frequent excursions and trips. She plays with her hair even she's bored and love chewing gum (though not to a annoying extent). She has a terrible temper but she hardly ever gets angry. She's a happy-go-lucky type girl. Yakena is also known to have bouts of non-caring and it is generally hard to get her to do something she doesn't want to do or influence her emotions. On her ship she's a total slob and generally is a tsundere despite her happy attitude.

History

Iemochi Yakena was born in [YE 17](#) in the city of Kyoto, Yamatai. In her early life she hardly ever left her father's side - to his great annoyance - to try and attract some attention during his busy years. As with the rest of her siblings, she was given a universe-grade education, though she went through it kicking and screaming. Being employed into her father's company mostly due to her bloodline, her adeptness in weeding out secrets and convincing people to tell her through seduction or trust got her quickly placed into Internal Affairs. While she works diligently, she takes trips frequently to exotic and bustling destinations.
