Character Description

Yusuke is a pale, average height Yamataian man with blonde hair and bright blue eyes that would look more natural on a [Nepleslian](#). He carries himself with dignity at all times, probably because of his distinguished-looking face, and is a man of few words. His [fashionable](#) Y-pop²⁾ hairdo — admittedly three decades out of date — was likened to a [Natalian Fjord horse](#) by YINN pundits in [YE 36](#).

Quote from [Voices of the Nation](#)

The man sitting there behind his little placard was Tami's senator, Maeda Yusuke. His Type 35 uniform was immaculately kept and its white panels complemented his blonde hair well, which was cut more closely on the sides than it was on the top and back. And though he wore no award ribbons, a blue aiguillette bundle tipped with a crimson red point — identifying him as an officer on political assignment — spilled over his left shoulder and connected at the collar.

Yusuke often relies on a connection to [Star Army Command](#)'s analytics office to inform the predicted favorability his statements, even so extreme as to craft what he's saying based on up-to-the-moment constituent polling.

Quote from [First Draft of Lorath Armstice Treaty](#)

"Tami agrees with the Empress' amendments," Yusuke said from his spot as a violet-haired juni whispered something in his hear. "Particularly with regard to the section about 'further expansion,' it's very redundant given other treaties that govern such matters. The International Relations Conferences, which seem to have become an annual event, have already outlined provisions for this Empire's annexation of new territory." The taise opened a volumetric display to check some financial and military statistics before speaking again. Tabs of information flowed through his mind as Ninth Fleet's political support corps forwarded him logs of instant feedback polls from his constituents and quickly-crafted talking points to represent Tami's position. "We also agree with the senator from Daichi and move that the creation of an embassy be removed from the baseline provisions in this treaty," he said, standing up for the first time in a while. "It is a needless demand, though if the Lorath want such a measure in writing I'm sure it can be worked out at a later time."

History and Relationship Notes

Yusuke is an ethnic [Yamataian](#) born in [Kyoto](#) on [Geshrintall](#) in [YE 05](#). After receiving his commission as an officer of the [Star Army of Yamatai](#), he was assigned to Star Army Command's public relations component and spent his entire career serving as a spokesperson for various fleets and commands.

Following the recapture of [Tami System](#) from [NMX](#) forces at the end of the [Second Mishhuvurthyar War](#), he was appointed to serve as [Tami System](#)'s senator by the [Ninth Fleet Transitional Authority](#). Yusuke has remained incumbent since then, holding the same temporary "political" assignment he was first given all those years ago.
