Character Description

Megan Aoi is 165cm tall and has short, spiky blue hair and green eyes. Curious and adventurous; seeking

all the knowledge of the universe. The multi-talented, resourceful, if quite intelligent mind behind the expression, somewhat cool of shape and slightly muscled body. A somewhat quiet yet strong willed young woman, she stands at a healthy, athletic height of a few inches over 5 foot 10. She is a bit of a tomboy in most things. Her love of exploration and constant need to know everything about everything, coupled with her natural-born curiosity and quick mind, make her an ideal candidate for field research. She can be a bit blunt and a bit rude, but can get a point across quite swiftly. A lover of literature, learning and people. Her favorite color is blue.

Growing up on a family estate on [Yamatai \(Planet\)](#), Megan was naturally curious of other species, especially in space. Not seeing any problems with that, she was always curious of the unknown.

History & Relationships

Megan was born in [YE 20](#). She turned 21 in [YE 40](#) and joined the Star Army that year. In [YE 41](#), she was promoted to [Nitô Hei](#) and assigned as the primary contact secretary for [Fort Yui](#).

When [Planet Himiko](#) fell to Kuvexia in YE 41, she was taken prisoner by the enemy and is currently trying to figure out how to escape and hoping to be swapped for a Kuvexian POW. At the same time, she used the opportunity to study the Kuvexians extensively and learn about their ways and culture.

In [42.3](#), she was promoted (in absentia) to [Ittô Hei](#) and in [43.6](#) she was promoted again (also in absentia) to [Jôtô Hei](#).
