## Physical Characteristics

Height: 4'9" (145 cm) Mass: 85 lb. (38.5 kg) Measurements: Bra Size: B

**Build and Skin Colour:** She has the average Nekovalkyrja build. Quite slender, but not mere skins and bones, but definitely not a mass of muscle. Her skin is white, not a sickly white, but looking just a little pale.

**Facial Features and Eye Colour:** She has the facial features of an average Nekovalkyrja. She isn't anything really that special. Sharp features, and angled chin, the usual stuff. Her eyes are a deep, dark violet color.

**Hair Colour and Style:** She has long violet hair. The color is considerably brighter than the violet in her eyes. Her hair goes down to mid back, with bangs that half cover her eyes.

**Distinguishing Features:** A genetic tattoo imprinted on their left lower back imprinted with her manufacturer information and serial number.

## Psychological Characteristics

**Personality:** Yuki is quite shy and timid, especially around superiors. During combat situations, she isn't timid. She doesn't talk much, unless spoken to or it is needed, and is very willing to help nearly anyone with something, regardless of how strange it is.

**Likes:** Books, cooking, learning **Dislikes:** Insects **Goals:** Just to serve the Star Army

## History

YE 29: After being created, Yuki was observed for a short period of time before being sent to training. There, she learned necessary skills for the Star Army, taking particular interest in taking care of others, despite being made as a weapon.

Yuki then proceeded to serve on the YSS Yugumo, which was destroyed shortly after. After being revived, she was then transferred to the YSS Asuka.

YE 30: (Asuka Mission 1a) Aboard the Asuka, she helped treat several prisoners of the Misshu in the Asuka's first mission to secure an SMX battleship.

(Asuka Mission 1b) A short break, where Yuki had started a meal with Wakahisa Kichiro, before being interrupted by a lockdown.

(Unfortunate Night/Battle for Jiyuu) The Fifth was attacked by the Misshu, with an attempted assassination just before the battle. Misshu were repulsed, and the Hanabusa betrayed the Fifth.

(Post Unfortunate Night) Rescue operations began, looking for survivors and SS pods. Yuki and Kichiro worked together, and saved two groups of people, one of which had a surviving sprite, named Mist, who later joined the Asuka crew. After the rescue operation, Yuki and Kichiro went together on board Hotaru to Kyoto Steakhouse, but were interrupted again when the Fifth had their timetable moved forward. They were to attack [Bizankro](#).

(Transfer:YSS Akigumo) For the attack, the Asuka's crew transferred to the YSS Akigumo. There, they had a moments reprieve. Yuki and Kichiro once again spent time together. Showered, ate, and slept.

(Akigumo Component, Bizranko Assault) What was supposed to be an attack on [Bizankro](#), turned into a near conflict with Yamatai for the whole Fifth Expeditionary Fleet. The Taisho of the 5xf became the Empress. Currently serving on the YSS Asuka.

(Kyoto Shoreleave) Yuki traveled with [Wakahisa Kichiro](#), to meet up with [Kage Kasumi "Mist"](#) and [Kotonoha Miyako](#) after a bit of shopping. The nekovalkyrja [Star Army Caretaker](#) went windsurfing with her lover, before they once more met up with Mist and Miyako, as well as [Kage Yaichiro](#). They then split up once more, Yuki and Kichiro heading to the Wakahisa household. There, Yuki met Katsuo and learned a bit about her love, as well as being invited to, when the time came, to the wedding between Katsuo and his fiancée. After that encounter, Yuki headed, again with Kichiro, off to the Snowdrop, where a decent portion of the Akigumo crew was. A drink later, and leave was over and back to the ship.

(Lorath Co-op Exploration Mission) After transferring once again, Yuki, as well as the rest of the crew, got ready for a mission with the Lorath. But, this was cut short by the UOC split from Yamatai. She decided to stay with the UOC, with the majority of the crew.

(Waiting for Assignment) Yet more leave.

(Mission to Mitsuya) Late reporting to the ship, Yuki and Kichiro were set on heading off on a mission.
