Physical Characteristics

Height: 160cm Mass: 55kg Measurements: 29B/25/28

Build and Skin Color: Freyja has a slightly petite build with the slight feminine curves of most of her species. Her hips are somewhat shapely.

Facial Features and Eye Color: Freyja has a friendly, round face with a small nose and almond-shaped eyes with hazelnut pupils. She has a ready smile that almost seems to light her face up with mischief. Her ears are the standard neko “cat-ears” with a small covering of fur the same shade as her hair.

Hair Color and Style: Freyja has dark orange hair that curls into ringlets around her neck and shoulders when she wears it down, it rests at about shoulder length.

Distinguishing Features: Tends to cock her head sideways slightly when in conversation to show interest and to present her best profile.

Psychological Characteristics

Personality: Freyja has an upbeat, if smart-alec personality. She enjoys a bit of fooling around, but does follow orders. She sometimes finds the rest of her sisters too dull, and wants to go out and see the world. She enjoys favourable attention, and eyes on her, sometimes seeking it in the forms of small magic tricks, trying to defeat her sisters strong reflexes and eyesight. She sometimes has a bit of cheek and tends to smile a lot.

Likes: Being prepared, cheek, Fun. **Dislikes:** Meanies, being told off. **Goals:** Currently wandering through life, wondering what she'll do once her contract expires.

History

Pre-RP

Born as a standard Neko infantry, Freyja quickly proved to be somewhat more than standard as her name, uncommon in Yamataian culture, suggested. While far from a leader, she proved quick on her feet and quite sharp during Socialisation, if somewhat unimpressed with life in the military. Rather than go with bridge or supply job like her instructors thought she wanted the job that looked the least boring. She went infantry.

Fresh out of her basic training and on her way to Fort Ready, she's genuinely excited about meeting any of these other species she's heard about like Yamataians and Nepleslians.

Skills

Communication

Freyja is familiar with basic radio operation and procedures and can make transmissions to and receive transmissions from other characters through headsets, starships, power armour, and shuttles in both combat and non-combat conditions. Freyja is fluent in Nepleslian and (optionally) Yamataian. She can speak and write both correctly and efficiently and can write reports, fill forms, issue orders under fire, etc.

Fighting

Freyja has received hand-to-hand combat training, followed up with a rigorous training program. She is skilled and experienced in combat both in Yamatai-like conditions and in zero-gravity, with and without weapons. Weapons she is trained in include energy pistols, knives, and power armour.

Technology Operation

Freyja is capable of operating any computer system that uses the Kessaku OS, found on all Star Army starships. She is proficient in entering and/or searching for information.

Mathematics

Freyja received basic mathematics training, to including up to algebra and trigonometry.

Physical

Freyja enjoys her slim physic as she uses her agility and flexibility to great effect sometimes in battle and in quiet moments.

Leadership

Naturally confident, Freyja does not possess the aptitude to be an officer, but tends to be a little more active and louder than most of her young sisters. With practice this easy confidence could one day

become command potential.

Rogue

Enjoying to toy with others a little, she enjoys playing small tricks on her sisters with sleight of hand magic tricks or other means to slightly embarrass people or get some attention. Not too much though.
