

# Koga's Palace

Koga's Palace is a place for people of all walks of life to have an Akemi's burger, fries, and an Usoda <sup>1)</sup>. There are things on the menu such as poutine, mac'n'cheese, steak, etc. The music played is always a mashup of classic country <sup>2)</sup>. There is no other station Koga's Palace will play. The general theme of Koga's Palace, though, varies location to location, much like its predecessor. It is based out of [Yamatai](#) following Koga Akemi receiving a business license in the great nation.

## More About Koga's Palace

Koga's Palace is a business subsidiary of the conglomerate [Akemi's Umbrella](#), branched under the fast food business chain, [Akemi's](#).

Akemi's is known for a lot of things, but what the franchise is not known for is being fun for the whole family. The reality of the situation is that the word "family" was already in [Koga Akemi's](#) repertoire. He was born and always would be a Nekovalkyrja and, to him, that meant he was born into a family, albeit one with faults and cracks. But it was family. There was no reason for him to exclude the concept of family from his business life any longer, so in [YE 40](#) he expanded his sights to creating a subsidiary of Akemi's that was family-friendly.

Each location is different and depends on the region. One in [The Kingdom of Neshaten](#) may be dressed up and ornate in order to appeal to their senses while one in [Iromakuanhe](#) may have walls of deep colored quartz with clean teal lines woven throughout the organic architecture. A Yamataian restaurant will resemble simple Yamataian senses of traditional design, though this includes a wide variety of aesthetics in and of itself. [Nepleslian](#) locations may likely be rough and tumble but don't have that edge a bar or brothel has.

The company has had a lot of PR put into it and the openings are staggered in order for Akemi to attend each one. Thank goodness for [Nekovalkyrja](#) stamina. <sup>3)</sup> The advertising does not feature him but features families enjoying meals and trying to play with the mascot, Watamote.

## Mascot

Watamote is a very weary-looking, almost humanoid, egg with a pink yolk and perpetual blush. Watamote is very easy to relate to because of their lazy and intensely naive demeanor.<sup>4)</sup> Scenes with Watamote are often about lifting Watamote's spirits, which is easy to do when Koga's Palace is nearby.

## Logo

The logo for Koga's Palace differs from the Akemi's Umbrella logo. It is simply a two-tone light and dark pink 3D stylizing of the restaurant's name!

## Motto

*"Koga's Palace for Life!"*

## Structure

The majority of the company structure is made up of parts and pieces of Akemi's Umbrella working on parts of the process to keep Koga's Palace functioning.
