EM-J2-2a Shujuu Android (TCSF)

In YE 36 Emrys Industries produced a specialized model of the EM-J2-2a Shujuu Android (Advanced).

About the EM-J2-2a (TCSF)

This mass produced model was created for use by the Tamahagane Corporation Security Force as a Security force. This version of the android is stronger that the original model, it is capable of carrying 250 kilograms without difficulty. It has human like facial features to help it interact with people better. It is also equipped with a non-lethal weapon. The unit can operate any equipment that a member of the TCSF uses.
