

Emrys Emergency Rations

Emrys Industries started creating Emergency Rations for civilian organizations and customers. They are similar to the [Star Army Field Rations, Type 30](#). They became available in [YE 33](#).

Manufacturer: [Emrys Industries](#)

History

Description

Unlike other ration packs that come in bags, the EERs come in reusable plastic containers. This makes them more useful in cases when distributed in disaster areas. Instead of becoming clutter, the containers can be used to store personal items, and even hold water. They include full meals, one meal per container. The foods are sterile and have a lot of preservatives in them so they don't need to be refrigerated. Shelf life is about 5 years.

Emrys purchases the ingredients from farms on worlds close to their operations to support local economies and to provide a wide range of meals.

Prices

- 5 [KS](#), individual
