EM-J5-M3604 - Biological detector

The EM-J5-M3604 - Biological detector was developed for use in the EM-J5 Flying Assistant Robot Series (FARS), it became available in YE 36.

About the EM-J5-M3604

The J5-M3604 can be attached to any of the accessory ports. This accessory attaches to one of the connectors on the EM-J5. It is has a swivel joint that allows the accessory to be pointed without having to move the robot. It is capable of detecting known biological hazards. It primarily scans for air born pathogens, and then moves in closer to scan for contact hazards.

Details

Manufacturer: Emrys Industries
