Frontier Service Corporation

Established early YE 39, FSC was made specifically to stimulate and direct economic growth on planet 188604 for the USO.

About the FSC

Created by Candon Suites with money borrowed from Jackson Howard the FSC was created to stimulate economic growth in undeveloped places by creating jobs, industry, and trade. This is done by employing qualified professionals to teach native people. Positions are then filled by qualified natives to the area. With few laws to abide by the FSC employs both standard business practices and brute militant force to ensure economic security and enforce import taxes.

With the shutdown of the Frontier Banking Service and sudden collapse of the Planet Osman economy the corporation changed from honorable company to economic syndicate as they worked to stave off a complete depression.

General Information

Frontier Service Corporation	
Owner	Candon Suites
President	Mr. Donovan
Faction	USO
Product Symbol	FS

Headquarters

Howard Station	
Station Model	Origin OOSY
Location	orbiting Planet Osman
