

Geshrinari Passenger Quarters

These are the rooms intended for paying passengers on [Geshrinari Shipyards](#) designed ships. They consist of a bedroom with an attached private bath.

A [standard ship's door](#) with a [Ge-Y1-E3103 - Intercom System](#) opens into the end of the room. Traditionally there is a small couch, or a couple of chairs here and a coffee table. The sleeping area has a large bed, a dresser and two night tables. Beyond that through another door is a [Geshrinari Private Bath](#). The furnishing would tend to be of a higher quality than those used by crew members.

There is ceiling mounted lighting, as well as [Ge-Y1-E3104 - Automatic Fire Suppression System](#) dispersal nozzles through out the suite. The floor is covered in the standard floor covering for the ship.

Note: This type of quarters has the same footprint as the [Geshrinari Utility Quarters](#)
