Geshrinari Ship's Locker

A standard ship's door with a Ge-Y1-E3103 - Intercom System opens into the end of the room. The Ship's Locker is where equipment is stored. The Ship's Locker is a secured location, only personnel with proper access can enter the locker.

Typically this includes EVA equipment such as EM-G1 Emrys Dusk Suit, Star Army Void Propulsion Pack, Type 31 or EM-G7 Emrys Environ suit and other EVA essentials.

Inside of the Ship's Locker is a secured cabinet where weaponry is stored, the weapons are often those used by the crew when off ship, but can include ship board weaponry. This is often where passenger weapons are stored while they travel.

There is ceiling mounted lighting, as well as Ge-Y1-E3104 - Automatic Fire Suppression System dispersal nozzles through out the suite. The floor is covered in the standard floor covering for the ship.
