

Kagayaki - Day to Night Eye Shadow

Manufacturer: [Kagayaki Cosmetics](#)

Our latest in eye treatments features our patent pending, photo-reactive components. With Day to Night, you only have to do your eye makeup once, and when you go into areas with differing light intensity, the colors shift. For example: You can use the Green to Blue, when in daylight the makeup appears bright green, go into an office environment, and the green becomes more subdued and blue highlights appear. Go into a dark night club and the Blue becomes predominant.

Available in twenty different colors.
