

Kessaku Systems

Kessaku Systems (formerly *Kessaku Electronic Systems*) is a leading developer of computer, communications, and sensor systems in the [Yamatai Star Empire](#). It is part of the [Ketsurui Zaibatsu](#).

About Kessaku Systems

Kessaku Systems created and maintains [PANTHEON](#) and the Nekovalkyrja operating system. The head of Kessaku Systems is the brilliant [Kessaku Anri](#).

Kessaku Systems makes all of its own parts from raw materials. Its headquarters is in [Ketsurui no Iori, Yamatai \(Planet\)](#) and its main plant is in [Kyoto, Yamatai \(Planet\)](#). Kessaku Systems also has manufacturing centers throughout the [Yamatai Star Empire](#) wherever there are large shipyards operated by the [Star Army of Yamatai](#).

History

Kessaku Systems was founded (as Kessaku Electronic Systems) in [YE 24](#). It was created by Proposal #38 of the [Senate of Yamatai](#):

Purpose:

1. To fill the gap of a Major Corporation to build electronics for use in starships built for the Star Army.
2. To comply with item 2 of Proposal #6.
3. To comply with item 6 of Proposal #6.

4. To utilize item 6 of Proposal #3.
5. Kessaku Anri, a member of the Star Army Research Administration is a proven expert in the electronics and quantum computing fields. She designed the MEGAMI Q3 and the KAMI Q4 systems for Star Army use and is a loyal citizen who has been an excellent officer throughout her Star Army Career.

Proposal:

1. There is now a new Major Corporation, the "Kessaku Electronics Systems."
2. Kessaku Anri is the owner of KES.
3. "Kessaku" is now a 'clan name', and new people may only be given the name Kessaku with permission of the Kessaku clan.
4. KES is the property of the Kessaku Clan.
5. KES will provide the Star Army with the necessary computer systems and communications systems.

In [YE 34](#), the company's name was changed from Kessaku Electronic Systems to Kessaku Systems.
