## About M.E.C.H.A.

Formed by Sophia Sorano, a love-struck woman, who saw Justin McCallum, her loved one, struggle to find work at times after discharge from the military. Sophia resolved to find him, and others who struggled for work like him, home and gainful employment in the far-flung stars. Thus M.E.C.H.A. was born, a mercenary employment agency for the struggling operator and PMC.

## Structure

Like the sister corporation [Seven Deadly Virtues](#), this is a family-owned/operated business. Only those with Sorano blood or joined by marriage are allowed to work in the "business".
