

NO-M1-W2901 NovaCorp Micro-Missile Launcher

The NO-M1-W2900 was developed for use with the [NO-M1-1a - Mantus Infantry Power Armor](#), it became available in [YE 29](#).

About the NO-M1-W2901

The micro-missiles launchers are mounted on the shoulder and upper arm of the power armor. When activated the launcher rises up from the arm from its protection under an armored plated, revealing a row of five micro-missiles. Each of these missiles is launched by a small electro-magnetic rail device before using its own propulsion, and is guided by the suits computer.

Details

Manufacturer: [NovaCorp](#) Nomenclature: NO-M1-W2900 Type: X-RAY Class: Weapon Designer: [NovaCorp](#)
