The Tamahagane Corporation Security Force (TCSF) was formed in [YE 33](#) to protect all assets of the corporation.

## History

[Tamahagane Clan](#) has always been mindful of the need for security. This is why the clan maintains their own [Samurai](#). With the formation of the [Tamahagane Corporation](#); the need to protect their expanding corporate assets physical and intellectual as well as personnel became a priority. Rather than outsourcing their security needs; Tamahagane established their own private security force. Their philosophy was people who were in the clan or corporation would be more motivated than people hired from outside companies. TCSF works closely with the [Samurai](#). The current leader of TCSF is a [Tamahagane Samurai](#).

## Planetary

TCSF protects the various ground based corporate facilities. They provide grounds security, as well as internal. Restricted areas are monitored by senior personnel. They are responsible for screening personnel and packages as needed. Persons breaking into corporate facilities are turned over to the local authorities.
