

WickedArms Industries

A now-defunct government-controlled corporation charged with making all manner of weaponry, ammunition, and tactical gear for use by the [Star Army of Yamatai](#). Part of [Ketsurui Zaibatsu](#).

History

WickedArms Corporation was founded by [Ketsurui Yuumi](#) in [YE 17](#) and for near to a decade served as the [Star Army of Yamatai](#)'s primary supplier of personal weapons before being slowly phased out in the face of growing corporations.

WickedArms' closure in [YE 28](#) was announced after Yuumi's death; the purpose of the closure was to encourage privatization of the military supply sector. Ironically, [Ketsurui Zaibatsu](#) now produces many military items itself.

In [YE 45](#), WickedArms announced it would reopen¹⁾.
