

Kagami's

Kagami's Burgers & Fries is a [Nepleslian](#)-style burger restaurant with a [Yamataian](#) twist. It was founded in [YE 44](#) and is a [Yugumo Corporation](#) venture.

History and Background

With 🍔 [Fast Food](#) giants like [Neppies Burger Restaurant](#) popular in the [Democratic Imperium of Nepleslia](#), and further represented in some [Yamataian](#) videos games played by [Motoyoshi Eidan](#). The young [Motoyoshi Clan](#) prodigy through his uncle [Motoyoshi-Ieyasu Taro](#) wanted to make a [Nepleslian](#)-style burger chain with a [Yamataian](#) twist on the food and service. In [YE 44](#), the new burger restaurant would see its first location opening in [Tokyo](#), which would just be the first of many across the [Kikyo Sector](#).

Following in the footsteps of other successful [Yugumo Corporation](#) ventures like [Takeda House](#), [Tokyo Brewing Company](#) and [Kikyo Pie Company](#) who had vetted locations in the [Star Army of Yamatai](#) promised successes for the brand.

For efficiency of resources, most Kagami's are found in locations that also have a [Kikyo Pie Company](#) establishment.

In [44.7](#), a notable visit to one of Kagami's locations in [Tokyo](#) was made by [Ketsurui-Motoyoshi Katsuko](#) and her niece [Motoyoshi-Igarashi Yue](#) after a test race on their [Extreme class Hover Boards](#).¹⁾
