

Lamini (Animals)

This page contains information on the Lamini or animals known to the [Poku Saeruo Degonjo](#). The list will be expanded as more are either discovered or detailed. In some cases a term to help describe the creature refers to the version in RL. This does not imply that the creatures are in fact from Earth.

Avians

Name		
Yome		
Pronunciation	Origin	Definition
īōmě	Otâgolisoy (Birth world)	hawk
Details	The yome is a predatory bird from the clan's home world. They resemble Terran hawks except for being larger by 50 percent, and possess very large sharp talons. While most were left free, many of the upper class members of the clan had them as symbols of power. The species exists in the Tabak'ka , produced from genetic material transported with the clan. Efforts are underway to introduce them to Âtoma (Heart) , and Âmuar (Dream)
