

Wapointe Gean'te (Radiant Healing)

The [Poku Saeruo Degonjo](#) after discovering mygouos (energy of life) a form of energy that affects cellular activity, soon developed Wapointe Gean'te literally *energy that heals* in 530 CY, but have continued to refine and improve on it since. They learned to create specific wavelengths of the energy to produce controllable effects.

Currently they have not calibrated it for lifeforms in the Kikyo sector.

Using their technology, Wapointe Gean'te can be used for the following.

This table provides a quick summary of the kind of things they can do.

	Detect	Affect
Life force	✓	
Cerebral	✓	✓
Neurological	✓	✓
