The Otâmovi Wiy sect are the scientists, researchers and doctors for the [Poku Saeruo Degonjo](#).

The Otâmovi Wiy is responsible for maintaining all major equipment, starships, stations used by the [Poku Saeruo Degonjo](#). They are also responsible for teaching the members of the other [Jaeli \(Sects\)](#) how to operate and service their vessels while away from the [Degonjo Saeruo \(Hidden Sun System\)](#).

The Otâmovi Wiy operate the [HS-SE1-1A Ismâ'o'a \(Searcher\) - Class Ships](#). Their mission is to explore and find new plants, animals, materials to bring back for study. They use these to develop new food sources, medicines and materials for the clan to use.

An additional mission for the [Jael](#) is to study and try to adapt acquired technology where possible. If they can not adapt the technology for their use, they study it to find weaknesses that can be used against it.

They operate the [Poku Movi Vamâqi \(Clan Void Berth\)](#), which is their equivalent of a shipyard.

This sect is also responsible for expanding Clan medical knowledge and for teaching Tenders (medical personnel) for other [Jaeli \(Sects\)](#).
