Kashmere Korrupts

Formerly a mercenary group of full conversion cyborgs, the Kashmere Korrupts specialized in sabotage and espionage actions for the highest bidder. The cyborgs had all been former soldiers for either the Nepleslian Reds or the Greens. The cybernetic firm that was behind their creation was known as The Forge through the Metal Ascendancy Project. The Kashmere Korrupts fought against other cybernetic groups such as the Metal Ascendancy, Angel Returners and Mistic Metals before being absorbed into The Irregulars.
