

# Mistic Metals

A mercenary group of full conversion cyborgs that offered their services to the highest bidder. They specialized in assassinations and covert information gathering services. They were originally created by [The Forge](#) from soldiers that had been fighting in the war between the [Nepleslian Reds](#) and [Greens](#). Not every soldier returned to fight for their respective side and these decided to go freelance to whoever paid them, even the [Black Syndicate](#) and other criminal elements. They fought against the Metal Ascendancy, the [Angel Returners](#), and the [Kashmere Korrupts](#). The group eventually disbanded after repeated attempts to be recruited into [The Irregulars](#) while those who did not join died in resistance.
