2nd Assault Fleet First Command Group 'Forty Ounces'

The First Command Group is, of course, the command group for the 2nd Assault Fleet. Although it is one of the smaller Battle Groups, it is still quite well-armed and formidable. Some of the best-trained marines and starship captains in the Imperium are in this fleet. It is something of a 'jack-of-all-trades' group, with numerous ships allowing it to succeed in numerous areas, although sometimes it must defer to its fellow groups

2nd Assault Fleet First Battle Group 'Ball and Chain'

The First Battle Group is fully purposed solely for combat with other warships. While it is capable of deploying troops to a planet's surface in a pinch, they are unable to deploy in numbers as grand or as effectively as members of the Invasion groups.
