

YE 30 NSMC Standard Uniform

The YE 30 Standard Marine uniform is the uniform used by the [Nepleslian Space Marine Corps](#).

The mean green uniforms of the Marines didn't change much from their [YE 28 predecessors](#). The material and certain parts of the uniform were thickened for lasting wear, but the original design was kept for two reasons. One, was that most officials felt that a new design was not needed, and two, that the uniform stand as long and undying testament to the sacrifices of the men and women to make Nepleslia grow.
