Peacekeeper Charter of YE 30

Following independence from the Yamatai Star Empire in YE 30, the United Outer Colonies became responsible for their own defense. The nation became settled on a philosophy of peacekeeping; that is becoming a truly neutral nation capable of deploying humanitarian aid and assistance to all nations, factions and groups in the known universe. Ship commanders would also serve as diplomats and mediators; soldiers serving as defenders of the innocent, the hard working ranks of a nation striving towards intergalactic peace.
