

# Civilian Imperial Registry Number (IRN)

In [YE 31](#) the [Yamatai Star Empire](#) started requiring registration and assignment of [IRN](#) to its non-military vessels. IRN are numerical designations originally used by the [Star Army of Yamatai](#) to identify particular starships. The civilian format is similar to that used by military vessels, but uses ship class instead of fleet.

Y<designation>-C<# of ship class in that type>-<hull number>.

## Privately owned

Registration for corporation and privately owned vessels is not compulsory. However the Yamatai government encourages registration. By Registering their vessels, they get the benefit of faster response in emergencies, since responding vessels would be able to quickly identify the type of ship from the registration.

C - Corporate owned P - Private owned

They use the same format as the governmental vessels.

## Corporate owned

C<designation>-C<# of ship class in that type>-<hull number>.

## Private owned

P<designation>-C<# of ship class in that type>-<hull number>.
