

SARP Community Advertising Materials

This page is a repository for files used to help spread the word about the Star Army community.

In-Person Media

Star Army fliers, cards, and presentations can be good for [Conventions](#). Remember, the most effective way to get new members is by word of mouth and referrals by friends. These items are most effective when used in conjunction with an enthusiast explanation or testimonial about the site and community. Also, keep in mind we're not trying to "sell" Star Army. Keep it real and be a friendly fellow geek, not a pushy salesman.
