

# Canteen

A canteen is a portable bottle designed for use by soldiers, campers, hikers, and other people spending time outdoors. Canteens are made by various manufacturers including [Ketsurui Zaiatsu](#).

Price: 5 KS

## History

When it was formed in [YE 22](#), the [Star Army of Yamatai](#) issued TA-01 Conformal Canteens made by [WickedArms Industries](#) as part of the [Star Army Standard Issue Items](#).

## Description

A typical canteen is made of hard plastic or metal and has a [Water](#) capacity of 1 liter (about US Quart). They are commonly olive drab or desert tan in color. Canteens have a screw top on them and an attached cap, which provide a water-tight seal together. There are also larger canteens that can hold 2 liters (US 2 Quarts/Half-Gallon) which tend to be square in shape and made of flexible plastic.

Most canteens come with a fabric cover for insulation and cooling and military canteens come with a metal nesting cup that fits around the bottom of the canteen and can be used for preparing beverages such as [Coffee](#), tea, and energy drinks from powder, or for cooking rice or oatmeal. Canteens will often have a carrying strap or a pouch that can be attached to a [Web Belt](#), [Combat Harness](#), etc.

## Usage

Canteens should be regularly cleaned to prevent formation of potentially harmful molds or bacteria. Canteens can be cleaned using soapy warm water and baking soda or with a bleach-water solution (not much bleach is needed). After cleaning the canteen, rinse it thoroughly with water inside and out.

For larger amounts of water, a [Jerrycan Jug](#) may be more suitable.

## Usage By Organizations and Groups

Canteens are part of the standard issue equipment for many [factions](#):

- [Kuvexian Military Equipment](#)
- [Nepleslian Standard Issue Equipment](#)
- [NMX Standard Issue](#)
- [Scientific Studies Service \(SSS\) - Standard Issue Items](#)
- [Astral Vanguard Standard Issue](#)
- [Lorath Standard Issue Canteen Kit](#)
- [Star Army Standard Issue Items](#)
