

Tachiko's Legacy Inventory

As [Takeda Tachiko](#) was away from her ship in a shuttle prior to the accident that caused her to end up in cryostasis for more than a decade, she possesses a veritable museum of 20's military equipment and fashion. Her personal effects were retrieved and stored by [PERSCOM](#) per protocol for SA personnel who are Missing in Action.

She keeps all of this in a [secure, armored, climate-sealed footlocker](#) as a memento of her previous life. On either of the short sides are the insignias of the [YSS Akuro NS-X5-01](#) and the [YSS Yukika NS-X5-12](#), on the left and right side, respectively.
