

Kagami Galaxy

The Kagami Galaxy is the galaxy in the [SARPIverse](#) where the [events](#) and [plots](#) of the Star Army RP take place. The name “Kagami” (written 鏡 in [Yamataigo](#)) means “mirror” and is a reference to the 🌌 [Yata no Kagami](#).

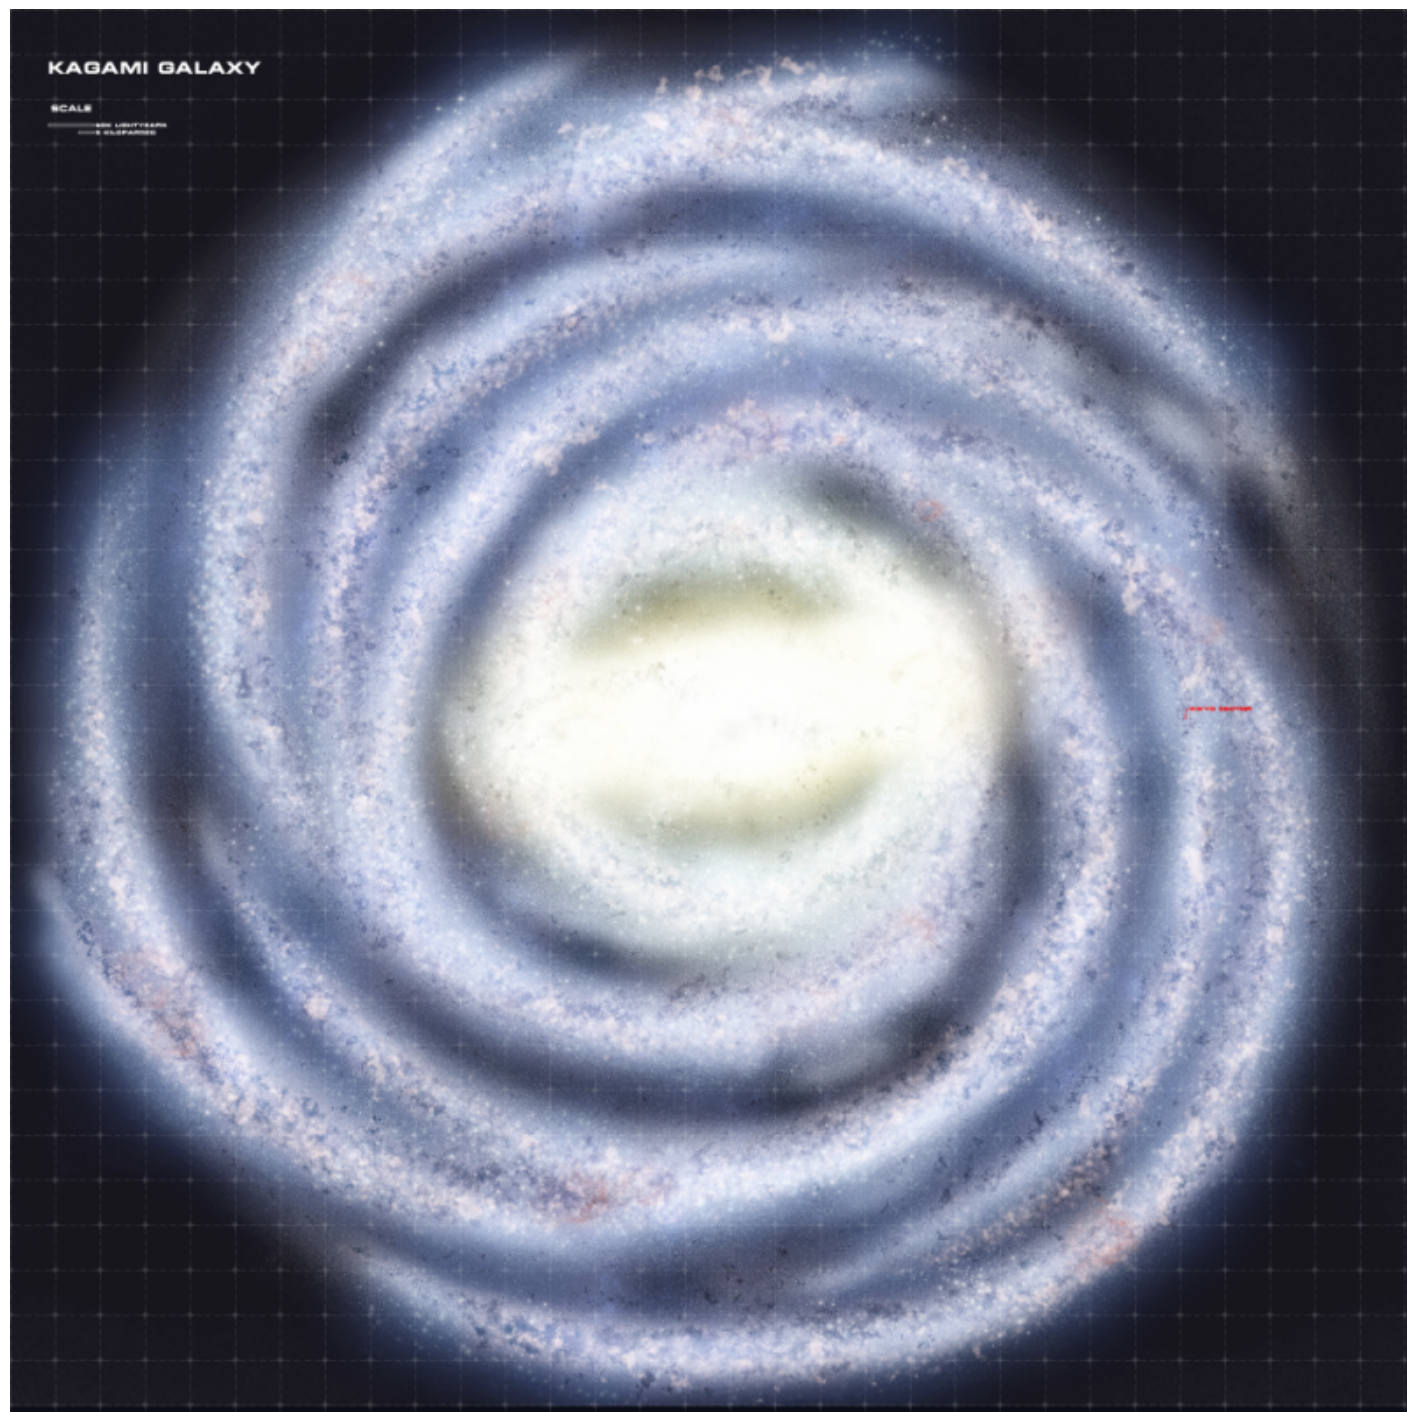

The Kagami Galaxy is a large, relatively flat barred spiral galaxy with nine tight yet distinct arms. It could be described as a 🌌 [grand design spiral galaxy](#). The Kagami Galaxy has a diameter of about 1,550,000 LY and a thickness of about 2,500 LY.

It's important to note that the Kagami Galaxy is *not* the 🌌 [Milky Way](#), and therefore it is not the same galaxy that contains the 🌌 [Sol System](#) (e.g. planet Earth).

Stellar Cartography

Here is a map of the Kagami Galaxy. Note the location of the Kikyo Sector in red.

Scale: each grid square is 50,000 Light-years.

Arm 06

Little is known of the star systems in Arm 06. It is the origin of the [Kuvexians](#).

Arm 08

Arm 08 is the location of the Kikyo Sector, an area of space around the [Yamatai Star System](#).

See: [Kikyo Sector](#)

OOC Notes

This page was created by admin [Wes](#) on 2016/10/17.

The galaxy artwork was made by [Khasidel](#), who also suggested the galaxy's name. It was chosen by users voting on the forum.
