Fort Nozomi

Fort Nozomi is the Star Army of Yamatai main base on planet Gashmere. The fort was created to give the Star Army a secure space to operate besides the crowded Gashmere Spaceport.

Contacts

As of YE 41, Savannah Landry is the primary communications contact for Fort Nozomi.

In YE 43, Taisa Raruwo, a friendly male Kodian with cream-colored fur, became the commander of Fort Nozomi.

History

Fort Nozomi was established in YE 37, ten years after first contact with the Kodians by the YSS Nozomi, which the fort is named after. Due to rising diplomatic tensions between factions in the Kodian planetary government, the Star Army built Fort Nozomi as a staging ground for a peacekeeping effort.

In YE 41, Savannah Landry became primary communications contact for Fort Nozomi.

In YE 45.1.1, Fort Nozomi's front gate was attacked and damaged by terrorists using burrowing underground drones[1]. Also on that date, the YSS Resurgence visited the Fort[2].

Description

Fort Nozomi is a sprawling base that has a circular shape roughly 30 kilometers in diameter including a thick, Zesuaium-fortified concrete outer wall that is 25 km in diameter and 12 meters tall. The Zesuaium comes from scrapped and salvaged starships of the First Mishhuvurthyar War. The outer edge of the base consists of open farmland where short plants like strawberries are grown. The base features a large array of automated anti-aerospace and anti-ship turrets and defense systems (Ke-P3-1a Shield Tower and Ke-P3-2a Armed Tower). Inside the base is a large star port.
