

Libra Star Fortress

Libra Star Fortress, **NK-X2-001**, is a *Zodiac-Class Star Fortress* built at **Daichi** with the *Chiharu no Iori* by **Ketsurui Fleet Yards** in **YE 32** for the **Star Army of Yamatai's Second Expeditionary Fleet**.

About

Libra is the ninth *Zodiac-Class Star Fortress* built and was created under the order of **Mikasa-Taisho** after an **NMX** group of ships slipped into the **Daichi** system. She wanted to strengthen the **2XF's** presence, and make it clear that they were going to stay in **Daichi**. In a '**showing the flag**' move, she ordered the new Star Fortress painted just like any other **Star Army of Yamatai** vessel.

Appearance

Unlike the traditional white paint job of the other *Zodiac-Class Star Fortresses*, *Libra* is painted [Star Army of Yamatai](#) blue, with the [Star Army Hinomaru](#) emblazoned on the top of the core. Each of the radial arms has the station name on the top, and the arm designation on the end the arm. Beneath the designation the [Aether Shock Arrays](#) can be seen.
