History

The Star Army began using an area on the airless planet of Scrapyard as a disposal and storage site sometime between [YE 30](#) and [YE 32](#) and in [YE 32](#), a [Frontier Starport](#) was built on the surface.

From [YE 33](#) to [YE 37](#) Yamatai allowed [Freepacers](#) the ability to recycle to old ship hulls as a means of showing goodwill towards them. Freepacers were able to use the hulls to build ships like the ["Divine](#)

Comedy" [State-Issue Ayame](#). This program ended at the start of YE 37 due to lack of participation and concerns that the ships might fall into the hands of the [Independent Worlds League](#).

The [Yamatai Star Empire](#) placed a global communications network of [Emrys Satellites](#) into orbit in [YE 36](#).

In [YE 36](#), this planet became part of the [PAINT](#) public transportation system and has a [Tenba](#) that regularly visits and provides passenger flights to [Shinjuku Starport](#) on [Hanako's World](#).

In [YE 40](#), this system was targeted by the [Kuvexian Military](#) as part of a multi-pronged invasion. The [YSS Sakura II](#) led the [Third Squadron](#) in assisting in its defense.

In [YE 41](#), the facility was renamed from Star Army Scrapyard to the Sakura Fleet Depot in honor of the [YSS Sakura II](#) and began using the base as a fleet depot and starship recycling center. At this time, [Shôshô Honda Noriko](#) was assigned as the depot commander. Also that year, the starport got a pizza place, the [Kikyo Pie Company](#).

In [YE 42](#), during the [Kuvexian War](#), [Scrapyard System](#) was attacked by the [Kuvexian Military](#) as part of the [Kuvexian Advance of YE 42^{1\)}](#). [Cosmos Star Fortress](#) was destroyed and Sakura Depot was captured.

In 1月 [YE 43](#), Star Army and allied forces recaptured Scrapyard and Sakura Fleet Depot prior to the [Battle Of Glimmergold](#).
