

Fifth Fleet

The [Star Army of Yamatai's](#) Fifth standard fleet, while originally formed in [YE 30](#), underwent a massive re-organization during [YE 34](#) in order to solidify its mission as an assault fleet, and Yamatai's premier ground-combat force. It is commanded by [Taisho Johnathan Whitmoor](#).

History

The old Fifth Fleet was commanded by Taisho Hoshi Koigokoro and was stationed within Python Sector's Tabidatsu System. Because of this, its symbol is a Python.

Organization

The Fifth fleet uses a different unit structure for its ground troops than other Yamataian fleets. Instead of using [Centuries](#) and Legions, it uses a more traditional, though somewhat modified military structure to organize and administrate its forces.
